GOALS OF BLOCK WATCH

1

To achieve a major decrease in residential crime through saturation of the block watch program.

2

To increase the identification and reporting of suspicious activities

3

To promote neighbourhood cohesiveness by neighbours knowing each other and looking out for each other, thus create a more cohesive and safer community.

BENEFITS OF BEING A BLOCK WATCH MEMBER

- Getting to know your neighbours
- Promotes neighbourhood cohesiveness
- A safer community
- Information of localized crime
- Instruction of proper reporting of suspicious activity
- Tips on crime prevention
- Communication line with local police personnel
- Greater deterrence by the criminal element
- My Neighbour Card
- Online quarterly newsletter

**WORKING TOGETHER TO BUILD
A BETTER COMMUNITY**

COMMUNITY GROUPS

If you are interested in becoming part of a group that shares information of what is ongoing in our community and other communities, we can recommend the following two community sites:

[NEXTDOOR.COM](#)

Neighbors turn to Nextdoor daily to receive trusted information, give and get help, and build real-world connections with those nearby – neighbors, local businesses, and public agencies.

[VISTA HEIGHTS GUARDIANS](#)

Membership to this private group is limited to residents of Vista Heights who want to be aware, and to help fight crime and combat social disorder in our community. We would like to create a safe community for everyone. We do this by sharing information with one another in this private forum.

[CROSSROADS COMMUNITY ASSOCIATION](#)

CAs exist in every neighbourhood in Calgary – they are non-profit organizations run by your neighbours and other volunteers that connect you, act as a voice for your area, and offer you endless opportunities close to home.

Join their [Facebook pages](#) or visit their [website](#) to sign up for the community newsletter

UPDATES FROM BLOCK WATCH

The Crossroads Block Watch Newsletter has been going online since April 2021.

In order to welcome new residents that have moved into the community of Mayland Heights and Vista Heights, it has been decided that the District Coordinators will select a block in their area for the delivery of the newsletter. This is one way for us to introduce residents that we have a block watch program in our community. Our community is the only one in the City of Calgary that has an active block watch program. We have been in existence for 37 years and are very proud of this program that we can provide advice to our residents in Mayland Heights and Vista Heights. Our newsletter is published FOUR times a year and if you still want a hard copy of it, you can have one delivered to your place of residence by the following method. Please contact your Block Watch Coordinator or send your request for home delivery to abe2@shaw.ca. Please leave your name and address so we can continue to deliver the newsletter to you.

The block watch program works closely with the Calgary Police Association and provides you with tips on various topics plus crime stats on a monthly basis on our website. One of the things the Calgary Police stress to us over the years is when You witness a crime in progress, that if you are able to gather some valuable information that would be very helpful. BUT DO NOT PUT YOURSELF at risk when trying to obtain this information. Confrontation of a suspect is not the way to go about this as it puts you at risk. Leave that up to the police. A few years ago an individual actually did this in Vista Heights. He was trying to save his vehicle from being stolen. A very risky thing to do. This individual ended up with stab wounds and ended up in the hospital.

Crossroads Block Watch has an updated website that has lots of information in it that tells you how to secure your home, vehicles and other valuable personal items. There are numerous phone numbers to help you out when you have some issues. Please take advantage of this website as it was created with you in mind. The quarterly newsletter will be printed on the Crossroads Block Watch web page. Login on to our website at: crossroadsblockwatch.org or you can also google Crossroads Community Block Watch then click on About Us. If you wish to see additional items included on our website, please let us know. We are here to serve you, our residents.

CHAIRMAN'S COMMENTS

BY JOYCE GARDAM

Chairman's Christmas report:

Our personal health issues endured all kinds of highs and lows in 2022. We also experienced terrible blows with the loss of 2 of our pets, dog Cooper and cat Ziggy. We now have just 2 pets and some fish. This is not what I would call "decreasing our overhead!"

As with many, it was wonderful to see the backside of Covid-19 along with a return to some normalcy.

On a positive note, **Crossroads Block Watch** again sent charities valuable dollars to support their cause. Interfaith Food Bank, Inn from the Cold, Veteran's Food Bank, Salvation Army, St. Vince de Paul (Crossroads), Cornerstone Youth, Crossroads . We also gave funds to two new agencies, Brown Bags for Kids and Calgary Communities Against Sexual Abuse. **Crossroads Block Watch again conducted its annual Christmas Adopt a Family Program with a new twist.**

Vicki McNeill initiated the program by contacting our local schools and John Abramchuk got Renfrew Educational Services on board for the first time. **As a result we ended up sponsoring 6 families.** We were very happy to help these families enjoy their Christmas.

Vicki McNeill and **Angela Kancsal** were the shoppers again this year and finished shopping after a late p.m. and early evening on one day.

Listed are all of the board members who contributed time and energy to this valuable program that has brought tears of happiness for many families! **John Abramchuk, Vicki McNeill, Brad Clarke and Gloria McGiffen, Alysha Lederhouse, Marilyn Fehr, Linda Then, Wendy Couronne, and Santa, Kevin Lunan and Elf Betty Lunan.** Special thanks are also extended to Family Foods and Tami in particular (turkeys and food vouchers) and Joyce Gardam.

We are anxious to start 2023 on a positive note and look forward to 2023 We sincerely hope 2023 is full of promise for each and every one of you.

Sincerely,

Joyce Gardam

BLOCK WATCH REPORT

Just before Christmas, the Block Watch Program adopted SIX families in the community in order that we could provide a little bit of joy to some families in the community. Kevin Lunan agreed to be Santa while his wife Betty was the Elf. I wore my Calgary Flames jersey and away we went. The event took us TWO hours to complete and visit with the families briefly. Unfortunately the day was probably the coldest day of the year so far but with our winter gear and heated seats in the CRV we survived. The highlights for us were the smiling faces of the children when Santa arrived at their doors. This was a worthwhile event for us to be involved with.

It takes more than ONE person to create this newsletter so I would like to thank Wendy Couronne who downloads the Crime Stats from the Calgary Police Services website and then prepares beautiful graphs. Courtney Tario does an outstanding job in designing the newsletter and puts them in a reasonable good order for publication. All I do is gather up the reports and then deliver the newsletters to those residents that wish to have them delivered to their homes.

CALGARY POLICE

Resource Directory

COMMUNITY SERVICES

The Calgary Police Service Community Services Unit offers a variety of programming and outreach for all Calgary communities. We believe that crime reduction is achieved by working with community partners to develop strategies which address prevention, intervention, treatment, and enforcement

DIVERSITY RESOURCE TEAM

The Diversity Resources Team fosters awareness and understanding between the Calgary Police Service and our diverse communities. The team has a specialized knowledge of Calgary's diverse cultures, and they assist with investigations or incidents where specific knowledge of these diverse populations can help.

CRIME PREVENTION TEAM

The Crime Prevention Team researches, educates and delivers crime prevention programs, including the HUB, The Joint Graffiti Investigation Team, Crime Prevention through Environmental Design, and Cybercrime Education. Crime Prevention also offers educational presentations for the public on a variety of topics.

VULNERABLE PERSONS TEAM

The Vulnerable Persons Team coordinates with homelessness and addiction-serving agencies to meet the needs of vulnerable people in our city. As well, they work with mental health professionals to assist the mental health issues of those who are in contact with the law. Vulnerable Persons Team initiatives include the Police and Crisis Team (PACT), and the Downtown Outreach Addictions Program (DOAP).

VICTIM ASSISTANCE SUPPORT TEAM

The Victim Assistance Support Team (VAST) promotes and advocates for the rights of victims of crime and trauma. VAST provides non-judgemental emotional support, and practical assistance to victims and witnesses of crime and tragedy.

VOLUNTEER RESOURCE TEAM

The Volunteer Resource Team manages all of the Calgary Police Service volunteer programs. There are opportunities to volunteer with the Victim Assistance Support Team and YouthLink Calgary Police Interpretive Centre.

SORCE

Working together as a community to ensure people will be connected to services, supports and solutions, the Safe Communities Opportunity and Resource Centre, or SORCe, is a location where people can access programs and services that address their current situation. SORCe offers information, provides initial assessments to determine a person's need, offers counseling as required, facilitates referrals for individuals.

SORCe was developed under the guidance of a Community Leadership Group (CLG) comprised of the United Way; Calgary Homeless Foundation; Alpha House; Drop-In Centre; The Alex; Neighbourlink; Office of the Chief Crown Prosecutor; Chief Probation Officer Calgary; The City of Calgary's Community & Neighbourhood Services and Animal & Bylaw Services; Calgary Police Service and Alberta Health Services.

HELLO VISTA HEIGHTS

CST. DEREK CHALONER
DISTRICT 5 COMMUNITY
RESOURCE OFFICER

I hope you're all enjoying the first few weeks of 2023. I look forward to working with you all to make the Crossroads area safer throughout the year. For the first newsletter of 2023, I'd like to share a few tips to help keep your properties and vehicles safe.

- Never leave your garage door opener in your vehicle.
- Lock your vehicle and remove all valuables.
- Make sure your driveway/ front step is shovelled (When you leave town and don't have someone clearing your sidewalk, it tells everyone that you're not home)
- Make sure you are locking your doors (front door, back door, sheds, ensuring your garage door is down and man-door is locked)
- Look out for your neighbours' property.
- If you see someone car prowling or lurking in the neighbours back yard – call 911
- Leave a light on inside your house with a timer.
- Keep your residence lit up (Motion lights/ House lights/Cameras)
- Always report any crime (911, non-emergency 403-266-1234, or report online through Coplogic)

For garages and sheds:

- Record your serial number on bikes. Also, register them on Bike index.
- Lock your bike up, even if it's inside your garage or shed.
- Don't leave spare sets of keys to vehicles in your garage.

On behalf of everyone here in District 5, we're excited to work with you to keep the community safe.

Cst. Derek Chaloner 5568
Community Resource Officer
Email: dchaloner@calgarypolice.ca | calgarypolice.ca

MESSAGE TO COMMUNITY

CST. BRAD BLIEK
DISTRICT 4 COMMUNITY
RESOURCE OFFICER

Hello Community Members,

I hope everyone had a fantastic Christmas season and New Year!! With a new year comes the opportunity to make those changes we have been putting off as well as to reflect on all that we accomplished in 2022. Thank you for contacting me with the good things the community has been doing and with your concerns. Working together, Crossroads will continue to be a desirable place to live.

As we are back into winter weather, the Calgary Police Service reminds people to continue to secure their property and vehicles. If you must idle your vehicle, consider using an antitheft device such as a steering wheel lock. If you witness suspicious activity contact police. Criminals tend to avoid areas where they feel they will be caught or have little likelihood of benefitting from.

Check out www.calgarypolice.ca for additional prevention tips and more information on what the Calgary Police Service has to offer. Calgary.ca is another resource for tips and information on other municipal bylaws and programs. As always, please contact me if you have any questions or concerns.

All the best in 2023!!

Cst. Brad Bliet 4380
Community Resource Officer
District 4 Zone 3
3207-12 Avenue NE
(403) 428-6400 (office)
pol4380@calgarypolice.ca
CRO43@calgarypolice.ca

MERRY CHRISTMAS!

On behalf of the police officers and civilian staff of District 4 I would like to thank all of you for your continued vigilance and support in keeping our communities safe. I would hope everyone had a Merry Christmas and a safe and Happy New Year.

Take care,

Joel Matthews,
Commander, District 4

HOLIDAY SEASON SAFETY

Everyone loves the holidays but during this busy season, it's extra important to keep your family and home safe. The following holiday crime prevention tips will help ensure that everyone has a safe and happy holiday season.

Holiday safety at home

- Don't display gifts where they can be seen from a window or doorway. Put gifts out of sight before leaving on holidays.
- Put an automatic timer on interior lights and/or radio to give the illusion of having someone in your house. Have a neighbour or family member watch your house, collect your mail and shovel your walks.
- Avoid leaving boxes from purchases (electronics, etc) on the street for garbage pick-up. This advertises the contents of your house to thieves.

Holiday shopping safety

- Shop before dark if possible and always park in a well-lit, well-traveled area.
- Lock purchases in the trunk of your vehicle. Keep all vehicle doors locked and windows closed.
- Be extra careful with wallets and purses. Carry purses close to the body and place wallets in an inside jacket pocket rather than a back pants pocket.

Holiday party safety

- If you're planning on drinking, eat something first. Food slows absorption of alcohol into the system.
- Pre-arrange transportation to ensure you have a ride home at the end of the evening. Consider public transportation, a designated driver, alternative driver's services, or a taxi.

Shop Safely!

Prevent purse "dipping" and trunk "diving"

Wallet theft can happen in seconds. Maybe you're reaching for an item on a grocery store top shelf or checking out a potential outfit in a clothing store's change room – a thief then takes advantage of your momentary distraction and lifts your wallet from your purse or clothing.

It's often known as purse "dipping," and it can leave you without identification, cash or credit cards. Even worse, it can make you a victim of identity theft, where someone takes your identification and pretends to be you.

Trunk "diving" can also be an issue in parking lots, where thieves monitor shoppers who might be leaving purchases unattended in their cars. When the shopper goes back inside the mall or store, the thieves break into vehicles and steal the packages.

The Calgary Police Service encourages shoppers to take the following precautions to keep their shopping experiences both fun and safe.

- When you go shopping, take only what you need with you. If you can avoid taking a purse, do so, and keep your wallet on your person in an inside pocket.
- If you take a purse, keep it with you at all times; don't leave it in your shopping cart.
- Purses should have zippered compartments to help keep wallets safer.
- Carry your purse over your shoulder or hanging in front of you so you can always see it.
- When loading packages into your vehicle, ensure your purse is with you – not in a shopping cart or in the vehicle.
- Always keep your purse with you when you're trying on clothes – don't leave it alone in the change room, even for a moment.

If your wallet is lost or stolen in a store, report it as soon as possible to store personnel and the Calgary Police Service (at the non-emergency 266-1234 number). You should also contact banks and credit card companies immediately to report the loss of your debit and credit cards. Cards can be used to purchase items fraudulently and for counterfeit purposes – when you tell the issuer right away that they've been stolen, the issuer can prevent this and help to protect your identity from being stolen.

For more crime prevention tips, visit www.calgarypolice.ca.

HELICOPTER AIR WATCH FOR COMMUNITY SAFETY HAWCS

After the tragic death of Constable Rick Sonnenberg in October 1993, the Rick Sonnenberg Memorial Society was formed and through enormous community support, the Calgary Police Service (CPS) purchased its first helicopter.

On July 18, 1995 the CPS HAWC helicopter went airborne on its inaugural operational flight making Calgary the first municipal police agency in Canada to have a full-time patrol helicopter program.

What role does HAWCS play?

HAWCS flies 24/7 and takes off and lands at different times during the day as the call load dictates. The HAWC helicopter responds to life threatening incidents, air support for ground units, and has an increased efficiency to detect, prevent and reduce crime through aerial patrols.

The helicopter is used in all types of calls. The police helicopter is not used for photo radar in the air but if the crew observes a vehicle that is committing an offence, a call is placed to the ground units in the area to deal with the offender. The helicopter can get from one end of the city to the other very quickly because other than air traffic we don't have the same traffic that the officers on the ground have to contend with.

The police helicopter is a very useful tool in keeping the citizens of Calgary safe and providing much needed aerial support to members of the CPS that work on the ground. Last year alone the helicopter responded to 4,887 calls for service.

Who operates HAWCS?

The HAWCS crew is always comprised of a police officer, (tactical flight officer) and a helicopter pilot. All of our pilots are civilian members employed by The City of Calgary.

What type of helicopter do you use and why did you choose it?

The CPS Air Support Unit flies two EC-120 helicopters. These are one of the quietest helicopters available today. This style of helicopter has an enclosed tail rotor, called a fenestron, which reduces the noise signature of the aircraft.

This helicopter was chosen for its low noise output, as it is very important that we fly neighbour friendly over Calgary. The helicopter does not orbit in neighbourhoods unless the crew is looking for something or someone on the ground.

The HAWCS helicopter has a lot of specialized equipment. We operate a daylight/thermal imager camera that allows us to not only see images similar to a standard video camera but also thermal images that are visible through the emission of heat. This is very effective, especially at night.

The helicopter also has the latest technology in mapping systems to get us to where we need to be quickly. The pilot and the tactical flight officer also wear night vision goggles. We have a 30 million candle watt light that can assist us at night.

Isn't it dangerous flying near the airport?

Calgary is one of the busiest airports in Canada and is unique in some aspects because of all of the residential areas that are in a very close proximity to the airport proper. The HAWCS crew is very fortunate to have a very good working relationship with the air traffic controllers that allow us to operate, when necessary, very close to the airport.

Why is using laser light dangerous for air traffic?

The danger of shining laser lights or any bright light source at an aircraft is the dazzling or blinding effect of light when it hits the canopy of the cockpit. The likelihood is large that there will be multiple stray beams that will light up the cockpit and distract the pilot. Besides being dangerous, it is also a criminal offence.

Do you offer rides in HAWCS or sell any souvenirs?

As it is very important for the HAWCS helicopter to remain in the air on operations, we do not offer rides to the public and we do not sell HAWCS memorabilia.

How can I become a HAWCS pilot?

Our pilots are very experienced. For pilots interested in becoming a HAWCS pilot we have a minimum of 3,000 helicopter flying hours. When a job opening for pilots occurs the posting is always done through The City of Calgary.
